

D41042

DarkBurner® D41042 work light offers outstanding illumination with an operational lumens output of 7000-7200LM. It has an improved Light Output to Power Consumption Ratio within same dimensions compared to its predecessor. This LED work light has a long lifetime and high operational safety with minimum maintenance. The DarkBurner® D41042 is suitable for harsh conditions and a wide range of mining applications.

Not all products are available in all markets. During continuous improvement specifications and design are changing. All values are nominal values. Illustrations do not necessarily show the design of every version and some features are version specific. The lumens output varies depending on lens colour.

Technical Data

Light source	: High-power CREE LED 9pcs * 10W
Operating Voltage	: 9 – 32V DC
LED Power	: 90W
	: Double insulated silicon rubberized wire, can bear very low & high Temp
Color Temperature	: 6500K
Lumens	: 7000-7200LUMEN
Color	: White
Material	: Aluminium die-cast housing, PMMA cover, Stainless steel Bracket
Working environment	: -40°-80°C
Optional beam	: Flood beam and pencil beam
Lifetime	: >50000h
IP Rating	: IP68
